CMDX Mills

CMDX, Matrix/Diamond Mills

As with all of our thru-tubing mills our CMDX series can be custom fabricated to suit your application.

One of our clients had run our standard MDX mills is a demanding application and asked that we customize a couple of MDX made with features;

1. Reverse Circulation Hole In the Center
2. Larger blade stand-off
3. Made with 2 7/8 PH-6 Box with large bore over 2"
